OUR PROFILE

Mwangaza College is a co-educational diocesan Catholic College of the diocese of Nakuru. It adheres to the philosophy that education is one of the most important ways by which the church fulfils its commitment to the dignity of the person. Our key responsibility is that of providing a positive environment that offers experiences which are spiritual and academic; theoretical and practical. Here people can develop their unique talents and leadership potential.

Mwangaza seeks to serve the community in presenting a challenging atmosphere towards the attainment of a comprehensive training of life.

Mwangaza draws its uniqueness from the educational philosophy of St. John Baptist De La Salle which echoes the three interlocking dimensions of the church's mission:

- Education as a ministry – one personal commitment for spiritual and vocational formation is a means of living a Christ centered life
- Members of Mwangaza community come together in an association based on a common acceptance of Gospel values and on a shared desire to foster values in their lives.
- The experience of community leads to service

A common vision shared by the Catholic Church and Mwangaza is the importance of religious instruction, vocational training and cultural development of students whom it serves
